Dear Hiring Manager,

I am writing to express my interest in joining your esteemed organization. With over a decade of experience in telecommunications and a proven track record in driving market growth, optimizing network performance, and enhancing customer satisfaction, I am excited about the opportunity to contribute to your team.

In my current role as a Transmission Engineer Back Office at SCPT, Kinshasa, I have successfully managed strategic network planning, customer care, and infrastructure analysis. I have led numerous projects involving network upgrades, enhancing service reliability, and developing strong regional interfaces. My ability to analyze network performance metrics and implement corrective measures has significantly improved network efficiency.

During my tenure at Huawei Technologies, I managed a team of 15 employees, optimized work structures, and reduced link congestion by 45% through the redesign of Microwave (MW) and IP Networks. My expertise in using Pathloss tools for deploying over 400 MW links has been instrumental in network development across DRC.

As a Team Leader/Operations Engineer at Huawei Technologies, I supervised the installation, troubleshooting, and configuration of Huawei equipment, led major equipment swaps for Airtel and Orange networks, and ensured seamless integration of Microwave Links and OSN series equipment. My experience coordinating with cross-functional teams and managing project deadlines has honed my leadership and project management skills.

I hold a Diploma in Electricity from ITI Masina and a background in Applied Technology, which has equipped me with a robust technical foundation and a deep understanding of network infrastructure. My skills in transmission and network infrastructure, coupled with my proficiency in Microsoft Office, Cisco Router Configuration, and DWDM Technologies, make me a well-rounded candidate for your team. I am fluent in English, French, Lingala, and Swahili, enabling me to communicate effectively in diverse environments. I am eager to bring my expertise and enthusiasm to your organization and contribute to its continued success.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and skills align with the needs of your team.

Sincerely,

Madiata Sedi
